legacyhhc.biz

We are strongly committed to providing exceptional Home Health Services so that our patients can remain safely in the comfort of their homes.

WHAT WE CAN DO FOR YOU!

Legacy Home Health Care is a family-owned and operated home health agency with a passion for the needs of the senior citizens in our community. Specializing in Skilled Home Health Care, we are strongly committed to providing exceptional Home Health Services so that our patients can remain safely in the comfort of their homes. As a family with a military background, we also take pleasure in serving military veterans within the community. It is our goal to provide exceptional home health services in our community and beyond.

Skilled Nursing

With years of experience, our team of skilled nurses are the best in the field of home health care. Our nurses specialize in wound care, diabetes, and nutrition education, medication management/education, and infusion services, just to name a few. We will work closely with your physicians to ensure that you have everything that you need to stay safely at home.

Therapy Services

Whether it's Physical Therapy or Occupational Therapy, we can provide you with in home services that are tailored to meet your specific needs. Fall prevention, safety with activities of daily living, and post-surgery therapy, are some of the areas that we specialize in.

Home Health Aide

Our home health aides are here to help you with activities of daily living. Your safety is our primary goal, so let us help you with activities like bathing, showering, grooming, etc.

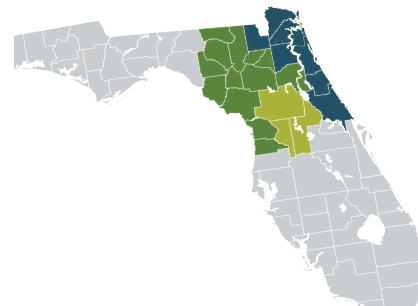

Infusion Services

Our nurses are highly skilled in infusion services and are ready to help you manage your IV medication, IV site, and equipment. We work closely with physicians and infusion companies to ensure that all goals are being met.

First Dose, IV Antibiotics, IV Hydration, Chemotherapy, IV Site Management, Lab Monitoring, Patient/Caregiver Education, Round the clock RN availability

Wound Care

Our clinicians are experienced in wound care. We are dedicated to keeping up with all of the latest in wound healing technology

Covering Baker, Clay, Duval, Flagler, St. Johns, Nassau, and Volusia counties
